A bright, healthy child is a percunial spring of joy in every well regulated family, and where is that father, who after the strife and turmoil of business, on returning to his home, is not beguiled of care by the innocent prattle of his child? Perhaps this father is a worldly man, and makes gold his idol, he may have been a successful man, and amassed riches. If this cause of disease is not removed, your child will sicken and die, or linger a suffering invalid for life. We present to you an infallible remedy for worms; it is DR.
